Get $1000 of Rainfall and Crop Health Maps for Free

As a token of thanks to our Farm Works™ version 2015 customers, Trimble is offering $1,000 in free Connected Farm™ rainfall and crop health maps. If you are using an older version, update today for only $300!

- Use $500 now for buying RainWave® precipitation monitoring solution data to monitor rainfall on fields throughout the growing season

- Use $500 later to purchase the PurePixel™ precision vegetation health solution to measure vegetation health during the growing season to quickly identify potential issues with your crops

Special offer only valid in the U.S.

Updates to Farm Works Software

The following enhancements are now available in Farm Works version 2015.05.

Farm Works Mapping

- Synchronize resources (field names, boundaries, materials,…) between Connected Farm and Farm Works – *learn more about this by attending the free webinar below*

- Support for updated Ag Leader firmware

Farm Works Surface

- Updates to levee generation functionality

Farm Works Mobile

- Support for arrow buttons on the Trimble® Yuma® 2

Download update…

File Sync Supports Additional File Formats

File Sync is a Connected Farm utility for uploading field task data and boundaries from a USB flash drive to Connected Farm Field, allowing you to manage key field details within your Connected Farm account. This utility is free and supports additional file formats including:

- Case IH: Pro 700, Pro 600, Pro 300 and AFS 200

- New Holland: Intelliview II, Plus II, III, and IV

- ISOXML: task data from Claas, AGCO, and Trimble yield
